

## Fruit Kabobs

This is a fun and easy snack for summer and especially easy to eat outdoors and take on a picnic

4 cups of mixed melons cut into large chunks  
(Watermelon, Cantaloupe, Honeydew-or whatever looks good)

1 Cup of Pineapple chunks

4 Bananas cut into 3" pieces

1 Pint of fresh strawberries

Fresh Mint or Basil (optional)

Bamboo Skewers

Thread Skewers with some of each fruit making sure that the top and bottom of each skewer have some kind of melon to keep the lighter fruits from falling off

For a really pretty presentation add some fresh Basil or Mint leaves in between some of the fruits
